The Northwest Arkansas Genealogical Society, whose goal is to gather, preserve, and perpetuate records of our pioneer ancestors, presents our sixth volume of Benton County Cemetery records. This volume consists mostly of cemeteries in the Western half of the county and also includes a few in the edge of Oklahoma. We hope to record every cemetery in Benton County.

The N.A.G.S. takes no responsibility for the authenticity of the following pages. We strived for accuracy, but some of the stones are very difficult to read; and there is always a chance for errors, both in copying and in transcribing. We would appreciate corrections.

Anyone having knowledge of burials where there are no stones may contact a member of the committee and the information can be placed in future volumes. We would also appreciate information regarding small or family cemeteries that we may not have on record.

Our cover is a map of Benton County locating major roads and cities, and indicating the sites of the cemeteries in each volume. Geographical locations are given at the beginning of each cemetery list, and the name or names of those who copied that cemetery.

To all those great volunteers who make these volumes possible - our THANKS!
